

Enphase Monitoring Application

At Solar First we are committed to making the transition to Solar as seamless as possible. We encourage homeowners with new systems to download the Enphase Application from the App store, and get familiar with it and its many capabilities. Please, use [this link](https://www.youtube.com/watch?v=...) for helpful videos and overviews on the monitoring application!

These Capabilities Include:

- Review system health and performance
- View panel-level production detail
- Track grid imports and exports
- Manage power-hungry appliances
- Contact Enphase Support
